Nikon FM10 with 35-70mm Nikkor Zoom

- 35-70mm f/3.5-4.8 Zoom Nikkor Lens (included): Provides a flexible and creative range for general photography
- Shutter Speeds Up to 1/2000 second: Shoot action stopping sharp pictures at up to 1/2000 sec., or achieve creative light patterns at slow speeds like 1 second
- Bulb Setting: For very long exposures, the B setting lets you capture beautiful night scenes, cityscapes with vibrant lighting, and long time exposures for creative exciting photography. A tripod is required for best results
- Depth-of-field Preview: Using through-the-lens SLR viewing, and being able to see the range of sharpness is an exciting way for the new photographer to visualize depth-of-field
- Double Exposures: Double exposures can be lots of fun, and with creative thought and careful preparation, great pictures can result
- Daylight, Night-time and Indoors: Built-in ISO hot shoe will accept just about any Nikon Speedlight for manual flash operation or non-TTL auto
- Nikkor Lenses: The FM10 is supplied with the 35-70 Zoom Nikkor, and there's a compatible, light and compact 70-210 lens available too. As your Nikon system grows, there are so many more AF Nikkor and Ai-S Nikkor lenses to choose from – all perfectly compatible with the FM10's manual focusing operation
- Center-Weighted Meter: Time proven and very accurate, this light meter will guide the photographer towards excellent exposures. With the built-in +, 0 and - LED display, creative adjustments are just a turn-of-a-dial away
- Manual Advance and Rewind: Comfortable handling, lightweight, compact and very convenient, the Nikon FM10 will deliver, roll after roll
- 70-210mm f/4.5-5.6 Zoom Nikkor: This optional 3X telephoto zoom lens offers the most popular telephoto zoom range, perfect for action, candid, sports and portraiture!
