

Nikon snapbridge:)))

Connect your camera and your compatible smartphone wirelessly – in a snap.

I AM WORTH SHARING

What is Nikon snapbridge? Nikon snapbridge describes the experience of quickly and easily sending photos wirelessly from your Wi-Fi® enabled Nikon DSLR, Nikon 1 or COOLPIX camera to a compatible smartphone or tablet. Share your great photos on the go, even in remote locations, or even use a smartphone or tablet to control your camera.

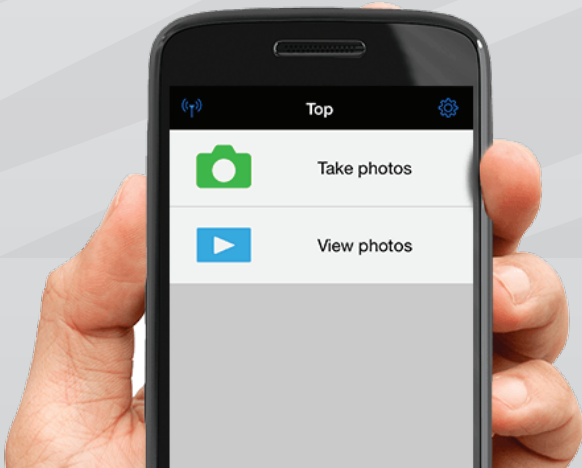

Wi-Fi® Compatibility

Nikon Cameras having built-in Wi-Fi capability or connected to a WU-1a or WU-1b Wireless Mobile Adapter can only be used with a compatible iPhone®, iPad®, and/or iPod touch® or smart devices running on the Android™ operating system.

NFC Compatibility

Nikon Cameras having built-in Near Field Communication (NFC) capability can be only used with a compatible smart devices running on Android™ operating system version 4.0 or higher.

Nikon Wireless Mobile Utility application

The Nikon Wireless Mobile Utility application must be installed on the device before it can be used with cameras having built-in Wi-Fi and/or NFC capability or connected to a WU-1a or WU-1b Wireless Mobile Adapter. Compatibility information can be found, and the application can be downloaded at:
