## High Performance. Creative Control. Outstanding Images.

Your wait is over, introducing the Nikon COOLPIX P7000, a compact, high-performance digital camera offering superb image quality and precise imaging control. An ideal traveling companion to your D-SLR, the COOLPIX P7000 will be found in gadget bags of advanced amateurs and pro-shooters alike. Powered by Nikon's leading-edge technology, the COOLPIX P7000 is designed for no-limits shooting. In low-light or tricky light, for fast-moving subjects, dramatic landscapes and detailed close-ups, here's a camera capable of keeping pace with your imagination to deliver your take on your world.

### Superior Image Quality

- **10.1-megapixel, large 1/1.7-inch CCD sensor** for stunning images.
- **7.1x Wide-Angle Optical Zoom-NIKKOR ED Glass Lens.** Versatile 28-200mm lens ranges wide to capture landscapes, zooms in to get close to the action. In the NIKKOR tradition of precision optics, the high-quality ED glass lens delivers superb color and razor-sharp results.
- **5-way VR Image Stabilization System**
  - **Optical VR Image Stabilization** by lens shift minimizes the effects of camera shake.
  - **Hybrid VR Image stabilization** by lens shift and electronic VR.
  - **Motion Detection** automatically detects moving subjects and adjusts shutter speed and ISO to compensate for camera shake and subject movement.
  - **High ISO up to 6400** at full resolution for optimum results when shooting in low light or photographing fast-moving subjects.
  - **Nikon's Best Shot Selector (BSS)** automatically takes up to ten shots while the shutter is pressed, then selects and saves the sharpest image.
- **RAW file function** compatible with Mac® and Windows®.
- **EXPEED C2** continues to expand the possibilities of photography with improved levels of image quality, fine detail and processing speed. Custom-optimized for each COOLPIX model, Nikon's renowned digital image processing engine ensures outstanding images.

### Advanced Functions

- **3-inch Ultra-High Resolution (921,000-dot) Clear Color Display** for still images and movies that come alive with rich detail and improved contrast. The large LCD's wide viewing angle and anti-glare coating make it easy to compose, view and share pictures.
- **Built-in Flash plus i-TTL Flash function** when used with optional Nikon Speedlight System.
- **Large Optical viewfinder** with diopter adjustment dial.
- **Remote control operation** with optional wireless ML-L3.
- **Optional Wide Angle Converter (WC-E75A)** for 21mm coverage (requires UR-E22 adapter ring).

### Creative Control

- **Dial controls for key functions** including ISO, white balance, bracketing and exposure compensation and more.
- **PSAM (Program, Shutter, Aperture, Manual) exposure control**, custom function control.
- **ISO** can be set as high as 6400 at full resolution; 12,800 in Low noise Night Mode (3-Megapixel).
- **Tone Level Information** provides photographers with 9 levels of grey scale information about the scene for fine exposure analysis according to user's creative needs.
- **In-camera editing functions** include Exposure Compensation, COOLPIX Picture Control, Noise Reduction Filter, Quick Retouch, D-Lighting and Active D-Lighting.
- **Electronic Virtual Horizon Display** enables precise leveling of the camera in landscape or portrait orientation during LCD monitor shooting.
- **COOLPIX Picture Control can be customized** for Image Sharpening, Contrast, Saturation, Filter Effects, and Tone.

### HD Movie Recording

- **HD (720p) Movie with Stereo, Mic Input Jack and HDMI Output.** Records at 24 fps with Zoom, Autofocus and stereo sound. Mic Input Jack allows for optional microphone to be used during recording and HDMI output allows easy in-camera playback or convenient playback on HD-TV or computer.

### High-Speed Performance

- **Ultra-fast start-up, autofocus and shooting.**
- **Subject Tracking** tracks a moving subject to ensure sharp focus.
- **Shoot Continuously** up to 45 pictures at approx. 1.3 fps at full resolution.
- **Interval Timer Shooting** captures images at specified time intervals.

### Convenient Features

- **Smart Portrait System**
  - **Smile Timer** automatically releases the shutter when your subject smiles.
  - **In-Camera Red-Eye Fix™** automatically corrects most instances of red-eye as you shoot. You may never see red-eye again.
  - **Face-Priority AF** Nikon's face-finding technology automatically detects up to 12 faces.
  - **Skin Softening** smoothes skin tones at three different levels for optimal portraits; can be applied while shooting or during playback.
  - **Blink Warning** alerts you if a subject has blinked.
- **18 Scene Modes, including Scene Auto Selector**, for optimized shooting in a variety of settings and situations.
- **Scene Auto Selector** automatically recognizes the scene you're shooting and selects the most appropriate scene mode; offers six scene modes plus auto.
- **Macro shooting** as close as 0.8 inches.
- **350 still shots (approx.)** with supplied EN-EL 14 Li-ion rechargeable battery.

**Dimensions (WxHxD):** Approx. 4.5 x 3.1 x 1.8 in.  
114.2 x 77 x 44.8 mm excluding projections

**Weight:** Approx. 11.0 oz. (310g) without battery and SD/SDHC memory card
