The **COOLPIX L19** is a great camera for beginners just getting started in digital photography. Easy to use and fully featured the COOLPIX L19 will delight it's users with great pictures, fun features and an incredible, bright 2.7-inch display at an amazingly affordable price.

EXPEED™

Nikon's smarter approach to digital imaging technology. From image capture to processing, Nikon's comprehensive EXPEED digital imaging concept encompasses the entire picture-taking operation. EXPEED is much more than a processing engine; it is a revolution in digital photography.

Three functions designed to minimize image blur for better results

Motion Detection

- **Motion Detection** automatically detects a moving subject and adjusts shutter speed and the ISO setting to compensate for camera shake and subject movement.
- **High ISO 1600** capability helps give you sharper results when shooting in low light or capturing fast-moving subjects.
- Nikon's original **Best Shot Selector** automatically takes up to 10 shots while the shutter is pressed and saves the sharpest image.

High Sensitivity

High-resolution LCD monitor

An incredible, bright 2.7-inch LCD monitor makes it easy to compose shots and play them back anywhere, ensuring clear viewing even in direct sunlight.

Easy Auto Mode

Easy auto mode simplifies photography by taking control of settings, so you can just turn on the camera and shoot freely.

Nikon's Scene Auto Selector

Scene Auto Selector

Automatically recognizes the scene and selects from one of six scene modes for best results. The COOLPIX L19 will choose, Portrait, Night Portrait, Close-up (macro), Landscape, Night Landscape or Backlight mode.
